Dear Raffy,

I wanted to write to tell you what a great job your crew did for our new stamped concrete patio. We love the design and the colour. It has really added a touch of class to our home and is being used every day until the winter. Your crew was great and we hope to have you back in the spring of 2008 to start on the side and front walkway. Once it is all complete I am sure it will look amazing. I wish we could add more but some grass is needed!

Thanks once again for a great job.

A handwritten signature in black ink that reads "Jamie Jarovi". The signature is written in a cursive, flowing style with large loops and a long horizontal stroke at the end.
